Announcements:

- 4th Annual Southeastern Meet and Greet at GSX will be Monday 09/23 from 4:30pm – 6:00pm at the Hyatt Regency, Bayhill Rooms 31-32. RSVP to vscott@dsisecurity.com
- Chapter lunch / dinner events are free for ASIS members and students! There is a \$25 cost for non-members.
- We still have Committee Chair positions open – If interested in serving, contact a Board member today
- If interested in hosting / sponsoring a monthly lunch / happy hour meeting, please contact a Board member

August Event Recap

Wednesday August 21, 2024 Assa Abloy RV Showroom

On Wednesday August 21st, Nemours Children's Health hosted the Assa Abloy RV Showroom at its Home Office location in Jacksonville. All current chapter members were invited to walk through the showroom and observe the many locking solutions that they offer.

Attendees were provided with an iPad and could scan any barcodes within the showroom to receive further information about the products. There were also several Assa Abloy staff members on hand to provide an overview of the solutions and answer any questions about functionality, set-up, integration, etc.

Several members stopped by and were able to locate potential solutions for current issues they are experiencing.

We hope to see you at future chapter events.

Disclaimer: This event was not an endorsement for Assa Abloy. Neither Nemours, ASIS International, or ASIS North Florida explicitly endorse one vendor over another. This event was informational and only intended to provide members with another security resource.

Save the Date

Thursday September 12th, 2024
Keiser University Jacksonville

The North Florida Chapter is currently finalizing the details for an in-person event in September at Keiser University Jacksonville.

During this event, attendees will get to experience the MILO (Multiple Interactive Learning Objective) system. Recently, the Chamber of Commerce, local law enforcement, and elected officials joined Keiser University in a ribbon cutting for the new system.

The system is a simulation tool used by law enforcement and criminal justice students for incident training, escalation tactics, judgment training, and firearms proficiency. The system provides a variety of scenarios including verbal altercations requiring de-escalation tactics to shoot / don't shoot scenarios.

We hope you join us for this fun, interactive, and beneficial event!

More information coming soon

<https://www.youtube.com/watch?v=MFM0yWySUlo>

September 21st is **National Thank a Police Officer Day**, and we will have formatted letters at this event for anyone wishing to complete one. Our Law Enforcement Liaison, Chris Hernandez, will ensure the letters are delivered to the appropriate agency.

Security Spotlight

Officer Willie Long – From Pharmacist to Physical Security Professional

One thing I have learned in this business is that all of us have a varied and interesting journey into the profession. Officer Willie Long is no exception, though he is exceptional! My team was lucky to welcome Officer Long to our campus in May 2024, where he trained alongside our tenured officer team, quickly learned our processes and embraced every post. He was at once identified as the breath of fresh air needed at our main reception position - that perfect combination of the security mindset and customer service. I've enjoyed getting to know Willie and hope you all do too:

My name is Willie, and I grew up in Plant City, Florida found 20 miles east of Tampa. I've been married for forty-three years to my wife, with whom I share two adult daughters. I started my pharmacy career in 1980 after graduating from Florida A&M University School of Pharmacy. My first job was with Eckerd Drugs. I spent eighteen years with Eckerd before joining The Winn-Dixie Pharmacy team in 1998. After spending another eighteen years with Winn-Dixie I was affected by company downsizing at the age of 60. I had spent 36 years practicing pharmacy and now was without a job for the first time. At the time, I believed I would be with another company within weeks. After the weeks turned into six months, I started looking for work outside of pharmacy.

The first career that came to mind was teaching because it was something I had secretly always wanted to do. I became a substitute teacher and started working toward a teacher certification. I received a temporary certification in science and was on the verge of being hired by the Duval County School Board when I started having doubts about teaching. Although I loved the idea of teaching, I finally realized that it wasn't for me. The kids were more than I could handle!

Now over the age of 60, and with a mortgage that was being paid with funds drawn from my retirement account, I needed a new plan. I filed for early retirement and started looking for a new role that complemented my skill set.

A friend suggested I become a security officer, so I enrolled in a class to get my D-license. After completing the class, I started my first job in physical security with Allied Universal Security (AUS). I spent five years with AUS before starting my present job with First Coast Security (FCS).

Physical security is full of opportunities. There are shifts and posts to meet whatever you are looking for. I am amazed at how many communities, institutions, neighborhoods, factories, and facilities need physical security professionals. Physical Security is everywhere and there are jobs to meet every skill level. So, if you are looking for something to do after retirement give physical security a shot! It's working for me!

Security Spotlight

Officer Stacey Farrell – Allied Universal

Officer Stacey Farrell observed a person floating in the St. Johns River, with no life jacket, approximately 60 yards from the pier. Officer Farrell immediately notified the main gate and advised them of the person being carried by the current further out to sea. Officer Farrell received permission to intercept the person in the river and render assistance. Officer Farrell was able to reach the person in the river and pull them safely into the boat. Officer Farrell transported the Individual to the pier where he met with Allied Universal personnel and emergency responders. The person pulled from the river was subsequently evaluated for injuries by medical personnel.

Thanks to the observant eye and quick actions by Officer Farrell, this event resulted in a good versus tragic ending.

Thank you, Officer Farrell, for your dedication to duty!
